C. P. R. Change of Time

No. 67, Westbound, commencing September 30th, will leave Coleman at 8.29 a. m.

This is the only change on the winter time card. All main line connections as usual

NOXIOUS WEEDS NOTICE

Noxious weeds from mature plants are spread by the wind. Hand pull and burn all such plants. Burn any ripe blossoms of Sow Thistle and Canada Thistle that you may find.

Require all threshing machines, combines, wagons and racks used at the time of threshing, to be thoroughly cleaned before moving on to your farm or leaving it.

Other and burn all weed seeds left on the ground after threshing. See that your summerflow goes into the winter "black".

Attend to this or much of the good work that has been done in weed control and eradication will be undone.

Your co-operation in the campaign for a "weed free province" is solicited.

Register all threshing machines and combines with the Department of Agriculture.

W. J. STEPHEN,
 Field Crops Commissioner.

SEND YOUR EXPRESS PARCELS BY AIR ROUTE

Distance, so far as the Canadian Pacific is concerned appears to be measured no longer in miles. Time is the important factor and, at least in respect of package goods, the Canadian Atlantic and Pacific are drawing closer each year. Here, Captain Brimble is signing for Canadian Pacific express packages as an air service between Rimouski, Quebec, Montreal, Ottawa and Toronto. For several months the Company has operated a service between Winnipeg and Calgary. The new link in the air chain was forged under auspices of Premier Bracken of Manitoba.

Many Attend Funeral of Mrs. Burns on Sunday Last

Wife of Mayor Burns Passed Away Last Thursday Afternoon—Recently Returned From Visit to Quebec

Mid the glory of a September afternoon, with the everlastingly shining in bold relief in the autumn sunlight, the body of Mrs. W. J. Burns was laid to rest in Coleman cemetery on Sunday afternoon, in the presence of members of various fraternal organizations and a large number of citizens representative of the entire community. The scene was very impressive, in the beautiful cemetery, at the concluding portion of the burial service was read by the Rev. H. D. Bevan, of St. Paul's United Church, followed by the ceremonies performed by the Rebekah Lodge and the L. O. B. A., and a wealth of floral tributes banded at the graveside gave a striking touch of color.

The casket was taken from the home to the church at 3 p.m., the pallbearers being H. Boulton, Hugh Dunlop, Robert Evans, Robert Holmes, McKen Hunter and J. Lombury. In the procession were the Oddfellows and Rebekah Lodges, the L. O. B. A. and the Orange Lodges, and the Order Independent of the Italian residents of Coleman who attended to show their respect.

At the church the town council was represented by the councillors and Secretary Jas. Ford, while the school board was represented by Thos. Johnson, chairman. Those who were unable to gain admittance to the church stood with bared heads while the service proceeded, which opened with the hymn "Rock of Ages."

In the course of his address the Rev. H. D. Bevan referred to the active interest which Mrs. Burns had taken in all branches of the church work, and stated they were indeed sorry to lose one of their own, and for whom they had gathered to pay honor and a last measure of respect. She had worked diligently even when through sickness it was an effort to continue her work, so that truly might the words be quoted, "Well done, thou good and faithful servant." The service closed with the hymn "The Sands of Time are Sinking," and many in the church were visibly affected as the benediction was pronounced.

Reforming, the lodges, headed by the Citizens Band, and a large number of people representative of the citizens at large, followed in the procession. Following the conclusion of the church service, the Rebekah lodge assembled at the graveside and honored their dear Sister with their funeral rites, as also did the members of

the L. O. B. A. and the Orange order. Mayor Burns and his daughter Dorothy were accompanied by relatives living in Coleman, and in spite of the trying ordeal in their grief, bore up bravely throughout the service.

The death of Mrs. Burns occurred between 3.30 and 4 o'clock last Thursday afternoon. Only ten days previous she had returned from a three-months' visit at her old home in Lakefield, near Lachute, Que., where she had spent a holiday in the hope that the change would benefit her. But on her return she was taken ill, and though her condition became critical, two days prior to her death she showed some improvement, and hopes were held for her recovery. On the Wednesday evening she took a bad turn, and gradually weakened until death came the following afternoon.

Deceased's maiden name was Ida Matilda Arnott, daughter of Mr. and Mrs. Jas. Arnott, of Lakefield, Que., and was married on Oct. 30 at that town, coming to Coleman with her husband in September 1909, where they have since resided. She was 42 years of age, and is survived by her husband and daughter, two sisters, Mrs. Gilchrist of Pincher Creek, and Mrs. G. Peet of Lakefield, her parents and a brother living in the state of New York.

Since living in Coleman she had made two trips to the coast and three to Eastern Canada in the hopes of improving her health, but the ravages of heart disease told heavily upon her, ultimately causing her death. The sympathy of the community is extended to the family in their bereavement.

CARD OF THANKS

Mr. W. J. Burns and daughter Dorothy desire to express their deep appreciation for the many expressions of sympathy received in their bereavement, and to those who sent flowers, as follows:

From Coleman: Mr. and Mrs. J. Emerson, Mr. and Mrs. J. S. D'Appolonia, Mr. and Mrs. A. Beveridge, Mr. and Mrs. W. H. Milley, Mr. and Mrs. J. O. C. McDonald and family, Mr. and Mrs. R. M. Greenhalgh, Mr. and Mrs. Joe de Cecco, Mr. and Mrs. J. H. Gibson and family, Mr. and Mrs. Jas. Ford and family, Mrs. H. E. Gae, Mr. and Mrs. J. Nash and family, the Lombury family, Mr. and Mrs. Dewar, Mr. and Mrs. Van Marion and family, Mr. and Mrs. W. L. Rippon, Mr. and Mrs. Robert Evans, Mr. and Mrs. Primo de Cecco, Mrs. J. A. Price and family, Mr. and Mrs. Geo. Kellock, Mr. and Mrs. R. W. Vincent, Mr. and Mrs. F. G. Graham and family, Mr. and Mrs. Jas. Moore, Mr. and Mrs. W. S. Purvis, Mr. and Mrs. A. Cornett and family, Mr. Robert

ADVERTISING EXPERTS RATE WEEKLY PAPERS VERY HIGH

A striking example of the manner in which experts regard the weekly paper as an advertising medium for retail merchandising is seen in the policy of Canadian departmental stores, adopted by the T. Eaton Co., observes the Barrie (Ont.) Examiner, which adds: "In every town where one of its stores is located this company has been carrying from one to two pages weekly to broadcast its news in the town's trading area. One newspaper, published in a town not half the size of Barrie has a year's contract with this firm for two and half pages every week. No merchant needs to be told that Eatons are keen judges of values, shrewd buyers and thoroughly informed as to the most up-to-date and efficient merchandising methods. They don't spend a dollar without being pretty well satisfied that they are receiving value and will get returns. The extent to which they are using the local paper where they have stores should convince others in the retail trade that the opportunity afforded by the home newspaper in putting their sales talks before regular and prospective customers in their trading territory is one that should not be overlooked."

POWER PLANT AT CROWS NEST LAKE ADDING NEW UNIT

Industrial Activity Throughout Crows Nest Pass Makes Necessary Doubling Capacity of Sentinel Plant.

Preparatory work for the installation of an additional 5000 kilowatt unit, is proceeding at the power house of the Power Corporation of Canada at Crows Nest Lake, six miles west of Coleman. This will double the present capacity of the plant, and the cost of the new unit will be \$300,000. The machinery is to be supplied by the Parsons Engineering Co. of Newcastle, Eng., and is expected to arrive very shortly, and the work of installation will proceed during the winter, for which an extra force of men will be engaged.

This is the finest power generating plant in Alberta, and was put into operation early in 1927. Increasing demand for power by the coal companies and the towns in the Crows Nest Pass, both in Alberta and British Columbia, has made necessary the generating of twice the amount of power at present being generated at this plant, which operates in conjunction with the hydro plants at Elko and Bull River, B.C.

Mr. Reid, formerly of Lethbridge, and later of the navy yards at Esquimault, B.C., recently arrived to take over the office of superintendent, in succession to Superintendent Watson, who was appointed city manager of Lethbridge.

THINKS WELL OF COLEMAN

Mr. S. Holland of Vancouver, spent a few days here visiting his daughter, Mrs. Peet. Mr. Holland is a past president of the Associated Canadian Travellers, and is well versed on various phases of Canadian life in general. While here he paid a visit to The Journal office, and stated he always enjoyed a visit to Coleman.

RANKIN WON CHAMPIONSHIP

A. Rankin, well-known locally as a quoter of no mean ability, won the Western Canada championship recently held at Banff. Jock Bell, one of the local enthusiasts of this ancient game, feels that Coleman has fallen down badly this season, and misses this form of exercise as much as he would curling in the winter.

An Inspiring Sight

The prairies of Western Canada during this year of grace, 1928, have been a joy to behold. In the early summer following the June rains the tender verdant green of the recently sown grain crops presented a restful picture full of promise for the future. As week followed week of almost ideal growing weather, with only an occasional storm affecting restricted areas, and an absence of rust and insect pests, the early promise of a bountiful crop grew steadily into a certainty.

Inspiring as the prairies were in early spring and the first days of summer, and full of promise as they were, as the crops became taller and the heads began to develop and tiller, they were also inspiring in the late summer and early fall months that they conveyed to the passing breeze, it is its own and presents a picture which few places in the world can rival and none surpass.

This article is written in mid-September when days of unsurpassed sunshine prevail, each day closing with a glorious sunset, the promise of still another day of perfect harvest weather to follow. The writer has just completed a motor trip through hundreds of miles of grain fields. And what a sight! If the pessimists of our Dominion could make such a trip surely their croaking voices would be silenced.

Speeding along almost perfect roads, albeit only well graded dirt roads, whether over prairie as level as a billiard table, or with the feeling of a bird rising and dipping as the car speeds over more rolling country, dropping in to a valley here and winding up through the hills, only one sight reaches the eye, and that panorama extends unchanged as far as the eye can reach—a seemingly limitless expanse of yellow golden grain. The whole country is golden yellow.

And no great industrial city in the world can show a scene of greater activity. On all sides can be heard the click and clatter of the binders as they cut down the ripened grain and with automatic carelessness toss the bound sheaves to one side, ready for the stokers. With amazing frequency the sight is witnessed of the newer combines—reaper and thresher—some using the swather attachment, others threshing the grain as the big machines move onward with the irresistible force of a tank in modern warfare. In some fields the harvest hands are busy in groups gathering the sheaves into shocks; across the road a threshing gang is at work, horses hauling great racks or stock-loading machines, pitchers, engineers, firemen, drivers, all covered with dust and working at high pressure to accomplish a maximum of work before daylight falls.

And as one speeds along the road it becomes a necessity to slow down and turn out every few minutes as we pass, or allow to pass, a box wagon or motor truck loaded to capacity with the wheat being hurried to the elevators, those far from artistic, but essentially modern and practical adjuncts to the twentieth century grain raising and marketing. Every road is alive with them, great wagons drawn by teams, double teams, horses three abreast countless new motor trucks, strings of wagons hauled by a tractor, driven by old men and young, boys hardly in their teens, women and girls, all headed to the nearest railway station.

And these small prairie towns and villages through which we pass every eight or ten miles all present the same scene of tireless activity. The loaded grain wagons and trucks are lined up awaiting their turn to reach the elevators, while the "putt, putt" of the engines testify to the energy with which the elevator operator is striving to keep up with the golden stream as it is emptied through the elevator chutes into the waiting freight cars. All night long the elevators struggle with the gigantic task before them and through the night the long trains plunge through the darkness hurrying the proceeds of the farmers' toil to the hungry markets of the world.

And where are those tens of thousands of harvesters from Eastern Canada, British Columbia, and the minor harvesters from over the sea, which only a few days ago thronged our cities and larger town distributing centres? Scattered singly or in groups they have been swallowed up in the grain fields of Canada's prairie provinces. They have been merged into and become a part of the Epic of the West. They are working hard, but they are, too, catching a glimpse of a new life and it is inconceivable that they will fail to become imbued with some of the courage, the optimism, the vision of this great new land.

September days in Western Canada! Glorious days, health-giving, wealth-giving.

A New Wireless Wonder

Apparatus Supplies Heat Without
Apparent Direct Contact

The latest performances in which wireless is employed consist of supplying heat to bodies without establishing apparent direct contact between the heater and the heated body, and lighting lamps without any apparent electrical supply.

These are done by power obtained from a new short-wave vacuum tube. High frequencies are produced at high power, using a short-wave length.

Foodstuffs have been enclosed in a glass tube and hung from the end of a metallic "antenna" that receives the transmitted power and conveys it to the food in the form of heat and cooks it.

New methods in electrical treatment are always being looked for by doctors. Perhaps, in the future, this new apparatus will be used for imparting heat to the body to produce artificial "fever," one of Nature's most prevalent factors in recovery from many diseases.

A Corrector Of Pulmonary Troubles—Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in correcting disorders of the respiratory processes, but the Oil is recommended to all who suffer from these disorders with the certainty that it will find relief. It will also inflammation in the bronchial tubes.

Research done by the Austrian professor indicated that intense radio beams of very short wave length will kill germs without altering the milk molecules or changing the natural flavor, the report says.

A graceful complaint comes from Paris. A very pretty girl was standing in front of a French wit at the races. "I trust I am not obscuring your view," she said. "Madame," he replied, "I prefer the obstruction to the view."

American—"Now you have no one in this country approaching Rockefeller, frantically."

Englishman (hopelessly)—"Do you think it would be any use?"

Foot Comfort

For aching feet use Minard's.
Soothes and relieves pain.

Wonders Of The Unknown

Wireless Has Revealed Many Things
But Much Remains To Be Learned

Sounds, so faint that no human ear can detect them, but which run into the waters of an aquarium, will stun and kill small fish. An earthworm can hear well below the soil the tread of a thrush above, and so keep out of harm's way. One may see a slug in a paddy bed but can you hear it munching away as it makes a meal?

There is many a quiver in the air that means nothing to human beings but has a message for the insect or the bird. Since the beginning of time, electrons have rushed through the ether at the speed of 186,000 miles per second, but we never knew of their existence until ten years ago, when wireless revealed it. What more remains in a world unknown to human senses?

HAD NO APPETITE WEAK AND DIZZY

This New Brunswick Woman
Restored By Dr. Williams' Pink Pills

Mrs. Janet E. Brown, of Flat, N.B., says:—"I am writing to tell you the great good I had through the timely use of Dr. Williams' Pink Pills. My health had failed and I was troubled with great weakness. I had no appetite and frequently dizzy spells. The least exertion would make my heart palpitate violently and I felt tired at all times. I had doctored a great deal without getting much relief, and was feeling greatly discouraged when I finally decided to try Dr. Williams' Pink Pills. The happy results following the use of this medicine have been so great by saying that I am again perfectly well, able to do my housework and enjoy life once more. I feel it a duty to recommend Dr. Williams' Pink Pills to all weak people."

If you have any of all of the symptoms above noted, do not delay, begin treatment at once with Dr. Williams' Pink Pills. You will be surprised to note the improvement in your condition after a few weeks. You can get these pills through any dealer in medicine or by mail at 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont. If you will send your name and address a little booklet, "Building Up the Blood," will be sent free.

Intelligent Congressman
Showman: We must have government aid! Congress does not reduce how expensive it is to operate a ship. Why, harnesses alone cost American ships \$100,000,000 a year.

Congressman: You ought to cut that item down. Use a cheaper grade of barnacles, or get along with fewer of them.

Painless and perfect in their action, Miller's Worm Powders are always a safe and reliable remedy for children who show symptoms of worms. These symptoms are easily recognizable in a feverish restlessness, frequently ending in convulsions. A point of notable importance is that after Miller's Worm Powders have expelled the worms, the stomach and bowels are toned up into very healthy condition.

Turks Are Progressing
Dictator Kemal Pasha is compelling the Turks to abandon the Arabic alphabet and to learn the Latin alphabet. Turkey is more progressive than the Irish Free State with its compulsory Gaelic. While the Turk goes forward the Celt goes back.

Minard's Liment cleanses cuts, etc.
"Not by appointment do we meet delight and joy; they heed not our expectancy. But round some corner in the streets of life they on a sudden clasp us with a smile."

Joseph Conrad, the novelist, could not speak English until he was 19.

Pimples Itched
And Burned Badly
Cuticura Healed
"Pimples broke out on my nose and spread over my face and body. They were hard, large and red, and itched and burned. The pimples itched and burned so badly that I scratched and scratched caused many eruptions. They were so painful that I could not sleep, and used to cry from the pain. The trouble lasted two years. I purchased some Cuticura Soap and Ointment and after using them two days I found they were helping me. I continued the treatment and after using four cakes of Cuticura Soap and three cakes of Cuticura Ointment I was healed." (Signed) Miss Lucy Kinskin, Berlin, Swed.

Make Cuticura Soap and Ointment your every-day toilet preparations and have a clear, sweet skin, soft, smooth hands, and a healthy glow with good hair. Cuticura Talcum is unsurpassed in purity.

Sample each free by mail. Address: Canadian Agents, The J. C. Mansfield, Prop., Dept. 10, 1000-1001, 1002, 1003, 1004, 1005, 1006, 1007, 1008, 1009, 1010, 1011, 1012, 1013, 1014, 1015, 1016, 1017, 1018, 1019, 1020, 1021, 1022, 1023, 1024, 1025, 1026, 1027, 1028, 1227, 1228, 1229, 1230, 1231, 1232, 1233, 1234, 1235, 1236, 1237, 1238, 1239, 1240, 1241, 1242, 1243, 1244, 1245, 1246, 1247, 1248, 1249, 1250, 1251, 1252, 1253, 1254, 1255, 1256, 1257, 1258, 1259, 1260, 1261, 1262, 1263, 1264, 1265, 1266, 1267, 1268, 1269, 1270, 1271, 1272, 1273, 1274, 1275, 1276, 1277, 1278, 1279, 1280, 1281, 1282, 1283, 1284, 1285, 1286, 1287, 1288, 1289, 1290, 1291, 1292, 1293, 1294, 1295, 1296, 1297, 1298, 1299, 1300, 1301, 1302, 1303, 1304, 1305, 1306, 1307, 1308, 1309, 1310, 1311, 1312, 1313, 1314, 1315, 1316, 1317, 1318, 1319, 1320, 1321, 1322, 1323, 1324, 1325, 1326, 1327, 1328, 1329, 1330, 1331, 1332, 1333, 1334, 1335, 1336, 1337, 1338, 1339, 1340, 1341, 1342, 1343, 1344, 1345, 1346, 1347, 1348, 1349, 1350, 1351, 1352, 1353, 1354, 1355, 1356, 1357, 1358, 1359, 1360, 1361, 1362, 1363, 1364, 1365, 1366, 1367, 1368, 1369, 1370, 1371, 1372, 1373, 1374, 1375, 1376, 1377, 1378, 1379, 1380, 1381, 1382, 1383, 1384, 1385, 1386, 1387, 1388, 1389, 1390, 1391, 1392, 1393, 1394, 1395, 1396, 1397, 1398, 1399, 1400, 1401, 1402, 1403, 1404, 1405, 1406, 1407, 1408, 1409, 1410, 1411, 1412, 1413, 1414, 1415, 1416, 1417, 1418, 1419, 1420, 1421, 1422, 1423, 1424, 1425, 1426, 1427, 1428, 1429, 1430, 1431, 1432, 1433, 1434, 1435, 1436, 1437, 1438, 1439, 1440, 1441, 1442, 1443, 1444, 1445, 1446, 1447, 1448, 1449, 1450, 1451, 1452, 1453, 1454, 1455, 1456, 1457, 1458, 1459, 1460, 1461, 1462, 1463, 1464, 1465, 1466, 1467, 1468, 1469, 1470, 1471, 1472, 1473, 1474, 1475, 1476, 1477, 1478, 1479, 1480, 1481, 1482, 1483, 1484, 1485, 1486, 1487, 1488, 1489, 1490, 1491, 1492, 1493, 1494, 1495, 1496, 1497, 1498, 1499, 1500, 1501, 1502, 1503, 1504, 1505, 1506, 1507, 1508, 1509, 1510, 1511, 1512, 1513, 1514, 1515, 1516, 1517, 1518, 1519, 1520, 1521, 1522, 1523, 1524, 1525, 1526, 1527, 1528, 1529, 1530, 1531, 1532, 1533, 1534, 1535, 1536, 1537, 1538, 1539, 1540, 1541, 1542, 1543, 1544, 1545, 1546, 1547, 1548, 1549, 1550, 1551, 1552, 1553, 1554, 1555, 1556, 1557, 1558, 1559, 1560, 1561, 1562, 1563, 1564, 1565, 1566, 1567, 1568, 1569, 1570, 1571, 1572, 1573, 1574, 1575, 1576, 1577, 1578, 1579, 1580, 1581, 1582, 1583, 1584, 1585, 1586, 1587, 1588, 1589, 1590, 1591, 1592, 1593, 1594, 1595, 1596, 1597, 1598, 1599, 1600, 1601, 1602, 1603, 1604, 1605, 1606, 1607, 1608, 1609, 1610, 1611, 1612, 1613, 1614, 1615, 1616, 1617, 1618, 1619, 1620, 1621, 1622, 1623, 1624, 1625, 1626, 1627, 1628, 1629, 1630, 1631, 1632, 1633, 1634, 1635, 1636, 1637, 1638, 1639, 1640, 1641, 1642, 1643, 1644, 1645, 1646, 1647, 1648, 1649, 1650, 1651, 1652, 1653, 1654, 1655, 1656, 1657, 1658, 1659, 1660, 1661, 1662, 1663, 1664, 1665, 1666, 1667, 1668, 1669, 1670, 1671, 1672, 1673, 1674, 1675, 1676, 1677, 1678, 1679, 1680, 1681, 1682, 1683, 1684, 1685, 1686, 1687, 1688, 1689, 1690, 1691, 1692, 1693, 1694, 1695, 1696, 1697, 1698, 1699, 1700, 1701, 1702, 1703, 1704, 1705, 1706, 1707, 1708, 1709, 1710, 1711, 1712, 1713, 1714, 1715, 1716, 1717, 1718, 1719, 1720, 1721, 1722, 1723, 1724, 1725, 1726, 1727, 1728, 1729, 1730, 1731, 1732, 1733, 1734, 1735, 1736, 1737, 1738, 1739, 1740, 1741, 1742, 1743, 1744, 1745, 1746, 1747, 1748, 1749, 1750, 1751, 1752, 1753, 1754, 1755, 1756, 1757, 1758, 1759, 1760, 1761, 1762, 1763, 1764, 1765, 1766, 1767, 1768, 1769, 1770, 1771, 1772, 1773, 1774, 1775, 1776, 1777, 1778, 1779, 1780, 1781, 1782, 1783, 1784, 1785, 1786, 1787, 1788, 1789, 1790, 1791, 1792, 1793, 1794, 1795, 1796, 1797, 1798, 1799, 1800, 1801, 1802, 1803, 1804, 1805, 1806, 1807, 1808, 1809, 1810, 1811, 1812, 1813, 1814, 1815, 1816, 1817, 1818, 1819, 1820, 1821, 1822, 1823, 1824, 1825, 1826, 1827, 1828, 1829, 1830, 1831, 1832, 1833, 1834, 1835, 1836, 1837, 1838, 1839, 1840, 1841, 1842, 1843, 1844, 1845, 1846, 1847, 1848, 1849, 1850, 1851, 1852, 1853, 1854, 1855, 1856, 1857, 1858, 1859, 1860, 1861, 1862, 1863, 1864, 1865, 1866, 1867, 1868, 1869, 1870, 1871, 1872, 1873, 1874, 1875, 1876, 1877, 1878, 1879, 1880, 1881, 1882, 1883, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 240

RAILWAYS OF ALBERTA SOLD TO THE C. P. R.

Edmonton.—The Government announced recently, the completion of negotiations by which, subject to confirmation and ratification by the Dominion and Provincial legislatures and the shareholders of the Canadian Pacific Railway, the Provincial Government railways will be sold to the Canadian Pacific Railway with the express power to the Canadian National Railways to participate in half the obligations and half the benefits.

The purchase price is: First—The payment of \$25,000,000 as follows:

(a) Assuming first mortgage bonds of the Edmonton, Dunvegan and British Columbia Railway to the extent of \$9,420,000.

(b) Payment of the sum of \$15,580,000 as follows: \$5,000,000 on the first of June, 1929; \$5,000,000 in four years thereafter.

Balance, \$5,580,000 in ten years thereafter with interest at 4 per cent. from the date of sale.

Second: The purchaser assumes all payments made and commitments entered into in the extensions now being made to the Edmonton, Dunvegan and British Columbia and Central Canada Railways. As these extensions will probably involve another \$1,000,000 or more by the time the sale is consummated, it will be seen that the total purchase price is in the neighborhood of \$25,000,000.

The company further agrees to complete sixty miles of additional extensions in the next five years. It was not possible to get any commitment with respect to the coast outlet, but it will be remembered that in the joint offer submitted at the last session the presidents of the two railway companies would make no commitment whatever in this respect.

In the first offer made by Mr. Beatty on his return from the Peace River the \$15,580,000 was to be paid in ten years with interest at 4 per cent. In the subsequent negotiations that have taken place this was improved to provide for the installation of principal as above indicated.

Mail Pension Cheques

Manitoba Old Age Pension Scheme Now In Operation

Winnipeg.—Hon. W. J. Major, K. C., attorney-general for Manitoba, announced that approximately 1,700 old age pension cheques will be mailed to aged persons in the province of Manitoba at the end of this month by the old age pension board of the Workmen's Compensation Board.

The pensions are at the rate of \$20 a month.

Legislation passed at the last session of the provincial government provided for the old age pensions scheme. The scheme was approved in an agreement between the provincial government. There are still nearly 2,000 claims for old age pensions to be investigated in Manitoba.

Legacy For Lady Byng

London, Eng.—Lady Byng, wife of the hero of Vimy, died at the age of 80 in the will of Pandell Rall, a wealthy Greek merchant, who was a relative of hers, says the Evening Standard. Rall was a romantic figure in English society. He was a friend of King Edward VII. and of Lord Kitchener. He died at Brighton last August at the age of 83.

Letter Carriers' Demands

Windsor.—A boost in maximum salaries from \$1,500 a year to \$2,100, a seven-hour day and a five-day week comprise the main demands to be made by the Canadian letter carriers of the government as formulated by the delegates to the convention of the Federated Association of Letter Carriers of Canada.

Warns U.S. Gangsters

Toronto.—The Ontario Government, acting through the department of the attorney-general, will take immediate steps in an effort to see that United States gangsters do not commit acts of violence upon Canadian soil. Attorney-General Pratt has issued this warning to United States gunmen.

Reject Marketing Board Plan

Sydney, Australia.—Wheat farmers have rejected a scheme to form a marketing board to control the sale of wheat for the next three years. A ballot to decide what course should be taken on the matter resulted in 7,433 growers opposing the scheme, while 6,026 approved it.

Nations Must Agree On Naval Matters

Or Conference On Disarmament Would Be Useless Says Dr. London

Geneva.—An early meeting of the League of Nations preparatory commission on disarmament would be useless unless an accord on naval matters is reached among the five leading sea powers, says Dr. London, president of the commission.

Dr. London, who is Dutch ambassador to France, suggested that the best way to meet this condition would be through a private conference at Paris of representatives of the United States, Great Britain, France, Italy and Japan. He said such a conference might readily reach an agreement on the points respecting naval matters which now divide them.

He said that unless a working basis could be found among these powers, the meeting of the preparatory commission except upon a direct mandate from the full assembly of the League.

River Steamer Wrecked

Slake After Hitting Huge Boulder In Peace River

Peace River.—The steamer D. A. Thomas, according to reports reaching here, is sunk 60 miles below here, broken in the middle by a huge boulder.

Since the palatial steamer left here September 10, loaded with freight for Vermilion, Quates and other way points, navigation has been carried on under the most trying circumstances, due to the extremely low stage of water. She was on her way to the mouth of the Peace river, but it was not long before she was overtaken by the boulder.

The steamer Thomas was built by the late John Rhonda in the summer of 1915, and was one of the finest on the inland waters. The material for her construction was freighted in over the old Grouard trail by teams when the end of the trail was at Rens, and her cost was upwards of \$100,000.

Northcott Is Apprehended

Youth Wanted On Murder Charge, Is Arrested In B.C.

Vancouver.—Gordon Stewart Northcott, wanted by the Riverside, California, authorities on a murder charge in connection with the alleged slaying of several youths on a chicken ranch, and for whom the entire Canadian West has been searched for four days, was arrested at Okanagan Landing, five miles south of Vernon, by provincial police Constable Morley Ghann, according to information telegraphed to Inspector Forbes Cruickshank, in charge of the Vancouver District.

The arrested youth, according to the police, did not deny his identity nor did he actually admit it. The police are certain, however, that he is the much-sought man for whom a country-wide search has been in progress for several days.

Trail Hiding Popular

Banff, Alta.—Trail riding in the Canadian Rockies is increasing in popularity. In 1925 Pat Brewster had five parties on the trail. In 1926 there were 19 who took the trail for pleasure as the only way in which to see the full beauty of the Rockies. Last year the number was augmented to 31, and this year it will run to about 55.

Death Of Mrs. Hayter Reed

Montreal.—Cable advices received here announced the death in London, Eng., of Mrs. Hayter Reed, eldest daughter of the late Chief Justice Armour, of Toronto. The late Mrs. Reed was prominent socially in Montreal and throughout Canada.

High Commissioner To Dublin

Dublin, Irish Free State.—It is stated on good authority that negotiations are proceeding between the British government and the Irish Free State regarding the appointment of a high commissioner to Dublin.

Loss From Damage Claims

Canadian and U.S. Railways Face Heavy Liability Each Year

Winnipeg.—Representatives of Canadian and United States Railways are meeting in Winnipeg to seek some method of reducing the enormous amount of damage claims made each year. Last year, paid for lost and damaged goods, the figure was \$119,000,000. Since then reductions have been brought about each year. Shippers and receivers are co-operating better with the carriers and a great deal of education has been done among railway employees with a view to lessening rough handling and the other cause of loss.

The American Railway Association employs three full-time special representatives to gather data on the subject and present it to the parties concerned.

Famine In Russia

850,000 Persons Will Be Fed Through Public Funds

Khar'kov, Ukraine, Soviet Russia.—Eight hundred and fifty thousand persons will be fed through public funds during the coming winter in the Ukraine, the grain crop having fallen far below the need of the population. Ordinarily the Ukraine is one of Russia's best granaries and in good years has wheat to eat and to export.

The Moscow government has appropriated 31,000,000 rubles, the Ukrainian government 10,000,000 rubles and social service organizations have begun a campaign to raise an additional 4,000,000 rubles to provide nourishment this winter for the stricken population. One-third of the Moscow advance is a gift and the balance is a loan.

SAYS CANADA PROVED TO BE A REVELATION

Southampton, Eng.—"Canada is the best holiday country I ever struck," said Rt. Hon. J. Ramsay MacDonald, leader of the Labor Party in the House of Commons, on his arrival here after a visit to the Dominion.

In an interview he said he did not think immigration to Canada would "cure or even substantially alleviate our unemployment problem."

Discussing the British miner-harvester migration, Mr. MacDonald said:

"There is no doubt a very determined attempt is being made by certain people to prevent discontent among the harvesters. It is my impression that a considerable number of the men will remain and get employment in Canada."

"From east to west in Canada the British worker is preferred to anybody else, providing he is prepared to do the work Canada requires him to do."

He expressed the opinion that the problem of winter work could easily be solved if some simple system of organization were brought into existence. Statements that Canada does not welcome British workers were untrue, he said.

"After more than twenty years absence from Canada," Mr. MacDonald remarked, "I hardly recognized places I had visited twenty years before. It was an absolute revelation and a good revelation to me."

"There is a vitality of expansion, a youthfulness and a hopefulness in Canada," said the former British premier. "Her weakness is that she has not got sufficient magnetic power to keep her people both Canadian born and British immigrants within her own borders."

"The great magnet that is always pulling them is the U.S., and it is of the most vital interest to Canada to devise some means whereby she can accumulate sufficient magnetic power to hold her population within her domains."

BRITISH HARVESTERS IN ACTION

Photograph shows a group of British harvesters sowing in the gathering of Canada's 1928 bumper crop.

NOTED ENGLISH STATESMAN

The late Lord Haldane, Viscount of Cloan, noted English statesman, who died recently at the age of 72.

New Northern Route Is Complete Success

Was Opened By Blasting Of Montreal River Tunnel

The Pas, Man.—Saskatchewan's new route into the mineralized country of the far north, made available by the federal government blasting rocks out of the Montreal River in North Central Saskatchewan, is a complete success.

Hon. Thomas C. Davis, attorney-general of Saskatchewan, and Frederick MacDermid, K.C., of Saskatoon, accompanied by their wives, left Prince Albert on September 5, to make the swing around the great water half circle in the northern part of the province.

The voyage ended Tuesday afternoon, September 18, at The Pas, and was a complete success in every way only 14 days being required for the entire trip.

That the distinguished travellers were accompanied by their wives proved conclusively the ease with which the new passage can be made.

Rules In Oratorical Contests Altered

Manitoba Trying To Reduce Interference With School Studies

Winnipeg, Man.—Alteration of rules for international oratorical contests, designed to reduce to the minimum interference with school studies, has been decided upon by the provincial central committee. Under the new rules, Manitoba will take part in the 1929 contest. The revised conditions are:

That the contest be open to students of grades 10, 11 and 12 only. Last year students of grade 9 were eligible.

Schools teaching any of the grades from 10 to 12 are to be asked to decide their respective champions by Christmas, by any method they determine, provided public speaking by a considerable number of the pupils is involved.

The preliminaries to the championship contest in Easter week are to be complete by the end of March. The district elimination contests are to be held before Christmas.

Eligible For League Posts

Geneva.—Women's rights have won still another victory. Henceforth appointments on the government boards of all international institutions which are linked with the League of Nations will be made without distinction of sex and women are now assured representation.

A resolution to this effect was given unanimous approval by delegates at the league assembly. It was introduced by Dame Edith Lytton, of Great Britain.

Will Enter Oratorical Contest

Winnipeg.—Manitoba will enter the international oratorical contest next year. It is announced. A number of schools have objected to the contest, and for a time it was thought that Manitoba would drop out; but it has been decided to enter again and continuance for another year will depend upon the measure of success of the contest now being arranged.

New Branch Lines

Settlers in Saskatchewan Are Promised Railway Facilities After Long Wait

Winnipeg, Man.—Settlers of Saskatchewan who have waited in some cases for as long as twenty-five years for railway services are assured of these before the end of 1929, is the announcement from Western Headquarters of the C.P.R. made here.

In the south section of the province, five of eighteen miles will be completed earlier than from Coronach, 37 miles westward from Wood Mountain to the Connel branch of the C.P.R.

Another branch, line 12 miles eastward from Cordeur will give railway services to settlers of the Lake Johnston District.

Possibly the most important of the lines will start from Histon, Alkines and Pennant. The Histon extension north-easterly of about eighteen miles will tap the Fox Valley country at the west side, and the line from Pennant, 24 miles north-westerly, will tap it from the east side.

From Alkines, the first station east of Swift Current on the Main Line of the C.P.R., a branch approximately 25 miles north-westerly will be sent northward. This line will eventually connect Swift Current direct with Saskatchewan.

In Central Saskatchewan the following lines are being projected: From Foam Lake, southwesterly 27 miles.

From Roseaton to Perdue, 43 miles.

From Urwin, westerly 20 miles. Northern Saskatchewan will benefit by the 10 miles northeasterly from Lloydminster.

New Branch Line Opened

First Train From Melfort North On New Journey Over C.P.R.

Melfort, Sask.—The opening of the new branch from Melfort north on the C.P.R. created considerable excitement and loud cheering when the first passenger train made its journey to the end of the steel at Edinburg. Crowds of people greeted the "iron horse" which was quite reminiscent of the days gone by when the first trains made their journey across the western prairies.

Every station platform along the way was jammed with people who were present to greet the first train to traverse the distance between Melfort and Edinburg over the new C.P.R. branch line. With shouts and cheers they hailed its coming, thinking, no doubt, of the benefit to be received in being linked with the outside world.

DEATH TOLL IN STORM AREA MOUNTS HIGH

Washington.—With death reports to the American Red Cross from the tropical hurricane area—Guadeloupe, Porto Rico, the Virgin Islands and Florida—reaching 1,399, the relief plans were rushed to combat the thousands given shelter from the storm. To this end the Red Cross is directing its gigantic relief machine.

Figures reaching the Red Cross place the dead as follows: Guadeloupe, 860; Porto Rico, 104; Florida, 27; Virgin Islands, 6.

Hundreds of injured are to be treated, thousands fed and additional thousands given shelter from the storm. To this end the Red Cross is directing its gigantic relief machine.

The chief concern of the Red Cross and local relief agencies is now centered in maintaining sanitary conditions in the area ravaged by the hurricane.

Plans were rushed to establish two camps in Palm Beach to care for refugees where they can obtain treatment for disease. Sanitary conditions in the interior of Palm Beach county were reported bad.

Governor-General Waldo Evans of the Virgin Islands, notified Red Cross headquarters that health conditions were bad but there was no immediate danger of an epidemic. The United States Consul William H. Hunt, reported from Guadeloupe that disease in epidemic form is feared.

Evans and Hunt both appealed for Red Cross aid in the emergency.

Henry M. Baker, National relief director for the Red Cross, arrived in Porto Rico and radioed to headquarters here that while there was no immediate danger of epidemic there, he said conditions were bad and food and clothing needed.

AIR EXPRESS TO BE INAUGURATED IN WEST SOON

Winnipeg, Man.—The ability to save time by air express was proven recently when the de Havilland 61, plane of the Western Canada Airways, glided to a stop on the grounds of the Kirkfield aerodrome here, carrying several express packages from Edmonton and Saskatoon for delivery in this city.

Between Calgary and Edmonton the plane experienced rough weather and was forced to return to the former city to await more favorable conditions. This in itself made the time of the journey later than expected but from Edmonton to Saskatoon the 500 miles was covered in three hours and forty-five minutes, which is a saving of several hours.

This trial trip has proved to be quite satisfactory and the officials of the Canadian Pacific Express will inaugurate early next month a regular bi-weekly service, connecting with arrivals and departures of trains at cities between here and Calgary.

The method of procedure for this service is that the express agent will gather all parcels marked with the air express stamp and convey them by truck to the airfield where, after careful checkings, they are turned over to the pilot, who after signing receipt deposits them in a specially designed cubicle in the lower front part of the plane. Upon arrival in each city, the parcels destined for that point are taken out to the express agent for delivery.

The method of procedure for this service is that the express agent will gather all parcels marked with the air express stamp and convey them by truck to the airfield where, after careful checkings, they are turned over to the pilot, who after signing receipt deposits them in a specially designed cubicle in the lower front part of the plane. Upon arrival in each city, the parcels destined for that point are taken out to the express agent for delivery.

Looks For Better Prices

United States Farmers Are Urged To Hang On To Their Crops

Washington, D.C.—Secretary Jardine asserted in a statement released through the Republican national committee that "if Governor Smith is elected and tariff rates are reduced to the schedules of the Underwood Act, as Governor Smith forecast in his acceptance speech, the entire farm industry will be thrown into a state of utter demoralization."

He reiterated his views that wheat farmers should hang on to their crops. He said that the present price level is lower than justified, and that everything pointed to an increase.

Noting prospects of increases in this country's wheat crop, and the forecast for the biggest Canadian crop in history, he said, however, that from a world point of view the situation is about the same as last year. Shortage of rye abroad and growth of world population would increase foreign demand.

Plot To Kill Trotsky

Several Attempts Are Made To Assassinate Kille In Siberia

London, Eng.—The London Daily Mail says that several attempts in London revealed several attempts to assassinate Leon Trotsky, since his exile to Siberia by the Soviet government.

According to the reports, Trotsky had written letters to Christian Rakovsky, former Soviet envoy to Great Britain, describing how his cottage was besieged and how sharpshooters attacked him from the trees.

Trotsky said he and his son defended their house with two sporting guns and told how the attack was repeated three successive nights.

After the failure of the sharpshooters, local authorities denied food to the Trotsky family, the latter were purported to have said. Only the kindness of friends saved them from starving.

Windmill Plane Crashes

Le Bourget, France.—The auto-gyro or flying windmill, in which the inventor, E. E. de la Cierve, made a successful flight across the English Channel, crashed in the course of a trial flight here and was badly damaged. Senior de la Cierve and his mechanic were bruised but escaped serious injury.

To Be Deported

Ottawa.—Edward Evans, British harvester who came to Canada following his conviction on a serious charge in England, is to be deported. It was learned at the department of immigration. Evans was given the option by the magistrate of spending a term in jail or leaving England.

Form New Association

Ottawa.—A new organization of postal employees, to be known as the "United Postal Employees of Canada" was launched at the annual nineteenth annual convention of the Dominion Postal Clerks' Association.

B. C. Fruit Growers Seek Protection

The fruit growers of British Columbia are seeking protection against the dumping of fruit from the United States into Canada, with its resultant demoralization of the fruit growing industry. Their claim is well justified, and their efforts are worthy of consideration. Were there no fruit grown in Canada, the chances are that the consumer in the prairie provinces would pay a good stiff price for imported fruit. An example of this is seen in the prices charged for oranges and other fruits which are not grown in Canada. The same would undoubtedly apply to all other fruits if there were no competition from Canadian fruit growers.

The British Columbia fruit growers have invested millions of dollars in the industry from which they derive their livelihood. They have ensured a supply of good quality fruit at fair prices to the people of the west, and they are quite right in making an organized effort to ensure a fair return for the labor expense, and for the capital invested.

The prairie farmers found by organization of the wheat pool they were able to reap substantial benefits. The fruit growers are up against quite as serious a problem in the marketing of their products as were the farmers, and as a matter of self-protection they must use every effort to prevent the ruin of those who have staked everything they possess in their fruit farms.

Checking the Town Over

The report of the inspector of the provincial department of health is very interesting, and were it published it would give a few jars to some people. It shows the necessity of a periodical check-up on the sanitary conditions and of things generally that pertain to the health of the community. The report comments on the various business places, restaurants and all other places where goods are placed on sale for human consumption, and indicates that the eagle eye of the inspector overlooked very little. The report has not yet been read before the town council, but it will give the health committee a few pointers on things that should be closely watched. A little more publicity along these lines would have the effect of making people realize the importance of co-operating towards keeping the town above reproach.

The forest supplies work for thousands of men—in the woods and the mills and the wood-working and paper-making factories. These men support families and schools, churches, stores, factories, villages, towns and cities. Forest industries rank second in importance only to agriculture. They provide a big market for farm products. Think twice before you light the match; think twice again before you throw it away. Your camp fire may burn itself out. But don't let it go at that. Put it out with water. Don't leave it until it is dead. To save the 27 per cent. of our forests that remains means continued prosperity. It means hard times and unemployment if we go on burning our forests up as we have been doing. Be careful with fire wherever you are. But be more careful than ever in the woods.

The best way to provide for to-morrow is to do the things that should be done each day and not put them off till to-morrow.

The appeal of the Red Cross in Alberta deserves the support of everybody. The membership is one dollar per year.

Five Braw Highland Lassies

They came from Vancouver with a number of others, all pupils of Miss Jean Gauld (centre), to enter the lists at the Grand Highland Gathering. They all had their fling and their seann triubhas and sword dance too—to the tune of the piper.

Composing Room Divulges Secrets

The cut above was reproduced from a collection of photographs plus a little art work, and it came about this way. There was a need for an illustration to brighten and balance the page. So we looked through the files. The photograph of the new Canadian Pacific engine came to light first—but, while it illustrates the largest passenger engine in the British Empire, our readers already knew all about it. Put it on one side! Then we saw the picture of the ox which is engaged in shunting freight cars at Tristate. This we thought we could tie up to the engine in some way, but when we saw the photograph of the elephant at Kandy, we thought that it would be much better and easier to write a feature on, say, "power" or "world transport"! The African Zulu with the Richman would have helped a line of the Moon Arch in the garden of the Jade Tree Studio at Shanghai we thought that perhaps we could make an appeal of sortso to the cultural side of our readers. But the office boy was very keen on the locomotive, the make-up man thought he could design a better lay-out with just the animals, and our fair-haired stenographer considered the architecture more artistic.

We compromised by deciding to make a three-column instead of a two-column lay-out and using them all. What then remained was to tie them up in some way, so we got out our best-looking photograph of the "Empress of France," and—there you have a complete short story. One gets aboard a Canadian Pacific train first and at New York boards a Canadian Pacific steamship for the ports and cruise service by a "Duchess." Not that this makes a great deal of difference to your editor, but there are many readers of this page too, who will spend Christmas in the Holy Land, and cherry blossom time in Japan. They will tour the West Indies in comfort in January or February. They round the Mediterranean. They have shown us their booklets, and before Spring is here again they will be showing us their tan and their souvenirs.

The Junior W. A. of St. Albans held a social on Tuesday evening in honor of Miss Moore, one of their valued members and an enthusiastic worker for the church. She will leave on Saturday for Calgary general hospital, to commence her probationary term in training, and to express their good will the Junior W. A. presented her with a prayer-book. Miss Moore will have the good wishes of a large circle of friends on her departure to commence training for the nursing profession.

A Very Important Question From Whom Do You Buy Milk?

Do you buy from a government inspected dairy, or does your daily milk supply come from a source which is not governed by sanitary regulations—where milk is open to contamination, with its consequent dangerous results to adults and young children? Typhoid fever is commonly caused from a contaminated milk supply, and it is nothing short of a crime to expose young children to the dangers of giving them milk FROM ILL-KEPT BARN.

THE RESPONSIBILITY lies with parents and civic authorities. They should insist on all milk sold publicly being submitted to government inspection; to see that barns are kept up to the standard of government regulations, and that cows from which milk is sold to the public are free from bovine tuberculosis.

In purchasing from a licensed dairyman whose herds must be kept up to standard, and where the milk supply is safeguarded so that it reaches you free from impurities, you are ensuring the health of your children and yourselves.

**You owe it to yourself to exercise
the greatest care in purchasing
milk.**

**BUY MILK FROM A DAIRY WHICH
GUARANTEES YOU ABSOLUTE PURITY**

Theatre Notes

"Roses of Picardy," the first film to portray truly and tenderly the personal emotions of the war, and characterized by the London Daily Chronicle as the most human and haunting war story yet seen will be screened at the Palace on Friday and Saturday. A preview of the film was screened here on Tuesday morning in order that the management might satisfy themselves as to its merits before deciding to run it, and they have no hesitation in recommending it to their patrons.

Wednesday next Gilda Gray in "The Devil Dancer" will be the feature attraction.

On Thursday a decided change in the program, in addition to the regular feature picture, will be the Georgian Singers, in the latest song successes. The are three gentlemen and two ladies in the company, as follows: John Edmondson, baritone and comedian; H. R. see Chapman, lyric tenor; William Kennedy, bass; Gloria Wilton, pianist and contralto; Isabel Jolliffe, soprano and reder. An added attraction they give a one act comedy skit.

Remember that on October 5 and 6 Douglas Fairbanks in The Gaucho will be the big drawing card. His previous successes in "Robin Hood," "The Three Musketeers" and other famous productions have made him a universal favorite.

Funeral of Mrs. Ferguson

The funeral service for Mrs. Ferguson, who died on Tuesday of last week, was held on Thursday afternoon at the United Church. The Rev. H. D. Bevan officiating.

Flowers were sent by the following: Husband and Agnes, John, Mr. and Mrs. James Russell, officers and members L.O.B.A., McGillivray Creek Coal Co. Ltd.

HOSPITAL NOTES

Margaret Devine was operated on for appendicitis on Tuesday.
Mrs. Kovach was discharged this week.

A donation of delicious home-made pickles from Mrs. Al. Lombury is acknowledged, also a number of copies of "Punch" which were left at the hospital.

Mr. George Kellogg returned yesterday from a business visit to Montreal.

Mr. and Mrs. R. W. Riddell of Calgary were visitors here during the week.

WORLD HAPPENINGS BRIEFLY TOLD

Thomas Louden, one-time Canadian sculling champion, died recently in Toronto, at the age of 87.

The first windmill plane has crossed the English Channel, piloted by its inventor, J. De La Cueva.

A Chinese laundry man and the employees of a millinery shop at Mexico City, divided the first prize of \$400,000, in the September 14th lottery. They held number 1246 which was winner.

Permanent government flying posts in Hudson Strait are a strong possibility it was stated by Squadron Leader T. A. Lawrence, who with eight others, has returned from 16 months' service in the North.

Members of the provincial government and Lord Lovat, under secretary of state for the Dominions in the British Government, discussed the placing of British settlers on the land in British Columbia. The government offered the fullest co-operation.

French Canadians, resident of New England, may decide the presidential election. Ordinarily these states are Republican but it is thought Democrats will get the majority of the French-Canadian vote which is considerable.

Fire losses in Canada during the week ended September 12, 1928, are estimated by The Montreal Times at \$729,200, as compared with \$239,000 for the previous week, and with \$292,650 for the corresponding week of last year.

Establishment of the largest paper mill in British Columbia is virtually assured, according to a recent report in the Vancouver Star. The lands department, in an interview stated that the Fraser Pulp and Paper Company is preparing to go ahead with the erection of a plant in Prince George.

The committee appointed by the government of Persia to examine the Kellogg pact for the renunciation of war has recommended that Persia adhere to the pact, but should not adhere to the conditions and reservations of "certain European governments."

Many File On Homesteads

Rush Is Seen At Dominion Land Office At Edmonton

All previous records since pre-war years were exceeded during the week of August 9th to 15th, in the number of homesteads filed at the Edmonton Dominion Land Office. The total for the above period this year was 114, while for the same period of last year only 35 such entries were made up. Local officials attribute the increase to several causes; the general improvement in conditions, the new regulations which permit a party who has previously proved up a homestead to refile on Crown land, and to the large number of settlers now realizing the opportunity to obtain land closer to transportation and social activities than formerly.

About two-thirds of all the employees in the telephone business in the United States and Canada are women and girls.

It is said man can now fly five times as fast as a bird. Maybe so, but you hardly ever hear of a bird coming down out of control.

One medical authority says that the growth of children takes place entirely when they are asleep.

Agrees with Baby
Eagle Brand Condensed Milk has been used for bottle-fed babies for three generations. Write The Borden Company, Lunenburg, Montreal, for Free Feeding Charts and Welfare Booklets

Dedicate Canadian Airport
The Canadian Gateway airport at Derby Line, Vermont, was dedicated recently with Vermont and Canadian officials in attendance. The dedication address was delivered by Congressman Ernest W. Gibson. Fifteen airplanes from various Canadian and American cities took part in the exercises.

The happiest people are those who are so busy they don't have time to think about whether they are or not.

Banana cloth is being used now. It should make a nice little thing to slip on when you're in a hurry

LARGEST AND FINEST OIL TANKERS SAIL UNDER CANADIAN ENSIGN

ABOVE—The "C. O. Stillman" world's largest Tanker. BELOW—The "Calgarville" most modern of Tank ships.

With the launching in England on September 14th of the motor tank ship "Calgarville" Canadian interests which already own and operate the world's largest tank ship, claim also the most modern and efficient of tankers, and a Canadian tanker fleet will further enhance as one of the major oil fleets of the world.

The "Calgarville" slipped from the ways at Haverton Hill-on-Tees with Miss Eleanor Ross, daughter of Victor Ross, Vice-President of Imperial Oil Limited, acting as sponsor. The "Calgarville" is a 15,600 ton vessel with an indicated horsepower of 6,500, which makes her one of the most powerful and fastest tankers of her class. She is guaranteed a service speed of 12 knots. She is 540 feet long with a 70-foot beam and moulded depth of 37 feet 9 inches. Her modern equipment will permit loading and unloading of 120,000 barrels of oil in twenty-four hours, and so she will be almost continuously in transit, serving much as an "oil ferry" between Talara in Peru, Cartagena in Colombia, and Montreal and Halifax. She will establish new figures for economical transport of petroleum.

The "Calgarville" is the last of three large modern sea-going tankers and one lake tanker which were laid down some time ago in British shipyards for Imperial Oil. Preceding her in launching were the "Windolite" for lake service and the "Victrolite" and "Vancolite." The flagship of the fleet in which she will serve is the world's largest tanker, the "C. O. Stillman."

Livestock Industry Prosperous

Good Prices Now Being Obtained In Western Canada

A cycle of prosperous years faces the livestock industry of Western Canada, in the opinion of ranchmen. Cattle are fetching almost double what they were turned off for three years ago and hogs are going higher. Lambs and mutton are also selling at a white-hot price and good, heavy, well-borned horses are in active demand. A survey of the agricultural situation in the United States indicates a marked shortage of beef cattle making for strength in the Canadian market, so much so that Chicago dealers find it profitable to ship there despite the duty of two cents per pound imposed on fat cattle. Stocker and feeder cattle from the Canadian prairies are also wanted in the middle west.

The Follow Up Method

A new sign for motorists has appeared on an English road. It is hoped that it will be particularly effective in checking those motorists who are not too careful when on stretches of road under repair. A first notice gives the warning, the conventional "Slow Down, Road Under Repair." About 50 yards further along is a large white signboard with the admonition: "You Have Been Warned," painted on it in large red letters.

Dedicate Canadian Airport
The Canadian Gateway airport at Derby Line, Vermont, was dedicated recently with Vermont and Canadian officials in attendance. The dedication address was delivered by Congressman Ernest W. Gibson. Fifteen airplanes from various Canadian and American cities took part in the exercises.

The happiest people are those who are so busy they don't have time to think about whether they are or not.

Banana cloth is being used now. It should make a nice little thing to slip on when you're in a hurry

O. Stillman." The three sea-going ships just built in the British yards replace three Imperial vessels which went to the bottom at the hands of the enemy while transporting petroleum for the allied cause. They were the "Lux Bianca," the "Relaw" and the "Palencia."

The motor driven tanker of today is a highly specialized vessel which is designed to move a great volume of petroleum at maximum speed and with minimum delay at loading and unloading ports. A few years ago three days was considered a quick "turnaround" for a tanker. Today, with modern pumping equipment, a tank ship turns around in twenty-four hours. That is to say, twenty-four hours after she arrives in port she has taken on or discharged her cargo and is again at sea. Consequently the modern tanker is moving practically all the time and, more than any other type ship, is the actual home of her crew. To compensate for the more continuous service, the crew is accommodated in a ship's green with every comfort. Nothing is overlooked to provide complete comfort and the sailors enjoy quarters and cuisine that compare favorably with passenger accommodation on many liners.

The Imperial Oil fleet now comprises nine large ocean-going motor tank ships: the "C. O. Stillman" of 22,175 tons, the "Victrolite," "Vancolite," "Calgarville," "Monteville" and "Canadilla" of 15,600 tons, the "Ontariolite" and the "Reginolite"

Huge Merry-Go-Round

Gulf Stream Is As Old As Atlantis

The huge Gulf Stream, which moves more water than all the rivers of the earth combined, is not changing its course, the National Geographic Society reports, commenting on statements of ship captains indicating a possible reversal of current.

There has been a gulf stream since there was an Atlantic Ocean and trade-winds to blow on it, the society reports, describing how the winds cause the huge current as an electric fan directed at the surface of a tub of water will cause all the water to swirl about.

The warm waters of the Caribbean Sea, blown westward by the trade winds into the Gulf of Mexico swirl about and seek an outlet in the Florida Straits, whence the stream, 40 miles wide and nearly 3,000 feet deep moves with such momentum north-eastward that it preserves its identity until it reaches Europe.

The Gulf Stream is a merry-go-round of the Atlantic. After it hits the British Isles, helping to provide a mild but foggy climate in that relatively far northern latitude, it divides, and one branch turns south to Portugal, where it strikes the westerly trade winds and returns to the Caribbean Sea. Another branch goes north of the British Isles and proceeds, considerably chilled, into the Arctic Ocean.

But for the great stream, England might have the climate of Labrador, and Norway, the bleakness of Greenland.

Record Cheese Shipment
Canadian cheese shipped from Montreal in a single week to foreign markets totaled more than 50,000 boxes, an increase of nearly 40,000 boxes compared with the same week a year ago. Prices paid at country points were records for the year to date.

The prison population of England and Wales has decreased from 20,000 to 10,000 since 1878.

of 12,000 tons, and the "Trentolite," formerly a steam turbine vessel, which was converted into a motor ship, with a tonnage of 9,100. The combined motor tank ships carry 1,018,000 barrels of oil which they load and discharge at an average port of twenty-four hours. It is estimated that these ships carry for about 25 per cent, cheaper than steamships of corresponding size.

In addition to the ocean tankers, Imperial Oil is operating six canal size steam driven ships on the Great Lakes. These more refined products from Halifax to various parts in the Great Lakes and to Fort William, serving the Halifax, Montreal and Sarnia refineries. Most of these vessels tie up during the winter but in the summer it is a rare thing for one of them to have more than eight or ten hours in port. On the Pacific Coast the SS "Imperial" and two other steam vessels transport petroleum products for the company, and there is also the small motor ship, the "Marviolet," with a capacity of about 1,000 barrels. The combined capacity of entire Imperial fleet is approximately 1,100,000 barrels; sufficient to fully load more than 5,300 tank cars, making a train 36 miles long.

The modern ocean-going tank ship contrasts interestingly with the shallow draft river boats which are used by the Imperial interests on the Magdalena River, in Colombia, and which assemble in appearance the old stern wheelers Mark Twain once piloted on the Mississippi.

A Growing Industry

Fish Reduction Plants In B.C. Doing Big Business

The growth of fish reduction plants on the west coast of Vancouver Island is shown in a report of the Dominion Inspector of Fisheries. With the lifting of the ban in 1928 fifteen plants are now operating, and a production of 8,651 tons of pickled meal and 1,898,721 gallons of pickard oil were realized. Last season 19 plants were in operation producing 12,115 tons of meal and an oil production of 2,803,190 gallons. The movement in the first year was chiefly to Japan, but in 1927 more than 9,400 tons were shipped to Hamburg. The entire production of pickard oil last year was shipped to the United States.

New Insomnia Cure

Lie With Head To North British Doctor Advises

The next time you can't sleep, try lying with your head toward the North Pole, instead of counting sheep, the London Evening Standard advises.

"Sleep with the head north and the feet south," the article said, quoting a physician. "The human body is a magnet through which currents circulate north or south."

It was explained that, as the electric currents originate from the thyroid glands of the neck, when the sleeper lies toward the north the electric travel south away from the brain.

Announcer—"I simply cannot work this evening."
Station Manager—"And why not?"

Announcer—"Because my wife will be listening in — and we're not on speaking terms."

In the Wiletskii salt mines at Cracow there are altars, shrines and statues made of salt.

Louis XIII. often prepared his own food in order to thwart the attempts of enemies to poison him.

Unique Samples Of Success

New Canadian Awarded Prize For Best All Round Farm

Success in farming in Canada is not bound by any nice limitations of nationality. This was strikingly demonstrated at the standing grass and good farms competitions conducted recently by the Calgary Board of Trade in co-operation with the Provincial Department of Agriculture.

The prize for the best all-round farm in the district was awarded to Toef Cavassy, of Cochrane, Alberta, who emigrated from Hungary a few years ago. This competitor also won the highest honours for a standing field of oats. The second prize winner was Oscar Anderson, from Sweden. The third winners, Messrs. Wright and Bond, of Irricana, Alberta, were from the United States; while the fourth, R. Nesb, of de Winton, Alberta, was from England.

Of Toef Cavassy's farm the judges said that it gave an impression of artistic taste combined with utility. The buildings were well built, well kept and arranged to conform to an intelligent plan, with everything in good order. Further, this Hungarian farmer's livestock was mostly pure-bred, and his fields were absolutely clean and free from weeds.

Manufacture Asphaltic Oil

Imperial Oil Company Erect Plant In Regina For Production Of Oil For Road Making

A new industry got under way in Regina, five days ago when there was erected a \$25,000 plant by the Imperial Oil Company. It is for the manufacture of asphaltic oil, being used for waterproofing gumbo roads in Saskatchewan and also of asphalt for paving and other purposes. The new plant has a capacity of between 300 and 400 barrels of asphaltic oil per day.

Shorter Names Suggested

The Society for the Saving of Time, a newly-founded efficiency organization in France, has decided in favor of the shortening of names. It wants to limit families names to five letters and other names to two. In this way, it is declared, the business world would save millions of pounds in correspondence yearly.

The rich get everything. You wish notice there was little effort to improve the jails until the upper class began to use them occasionally.

BABY GIRL HAD DIARRHEA WHEN CUTTING TEETH

Mrs. A. J. Murray, Gulf Lake, Ark., writes: "My baby girl was cutting teeth and was very weak with the effects of diarrhea. I didn't know just what to do for her as she couldn't retain anything. At last one of my neighbors said to me, 'Have I any?'"

SUNDAY SCHOOL LESSON

SEPTEMBER 30

PAUL THE MISSIONARY

Golden Text: "Christ liveth in me." Galatians 2:20.

Devotional Reading: Philippians 4:4-19, 20.

A Review By Means Of Allusions

There have been men like those Jews in every age and every land who have delighted in stirring up others. There is no community free from them.

"Nurse Cavell in Belgium was hemmed in by a brutal soldiery who snatched on her with their teeth and she was at once heroic and tender and forgiving."

When men refuse to retain God in their knowledge, they can hardly expect to be secure from the temptations of the devil, and the creature of like passions with themselves, whether they be cunning adventurers or heartless tyrants: The Christian.

"The supernatural is the native air of Christianity, its life-giving breath of angels, its death-chant the triumphant exclamation, 'Behold, I see the sinner.'"—The Fox.

We are daily judging ourselves unworthy of divine grace in every act of refusal to accept and rely on it.—Lyman Abbott.

"There stood a man of Belgium saying to me, 'I have no help and I immediately men of Britain arose to answer the call.'"

We cannot think of the vastness of the universe without feeling that we are citizens of no mean city but persons we should be more impressed by the order and the uniformity of the universe than by its immensity.

"When came the Sabbath of worship and rest. Out of the city, in reverent quest. Down by the riverside faithful ones came. Where prayer was wont to be made in His name."

"The world has often had its dreams of gods who had come down in the likeness of men, and even of a divine influence pervading all things; but no ethnic religion has told how men may come to cleanse their souls from the road to Genoa."

"What is all this solar energy compared to that boundless source of divine grace—always available to the hungry heart! Therein lies power to turn the world upside down, if only the people of God would receive and bestow!—The Christian."

Local News

William Bell was a Calgary visitor this week.

Dr. Tolmie, formerly of Coleman and now living in Vancouver, was a visitor here during the week.

A meeting of the War Memorial committee is called for Monday evening in the council chamber at 8 p.m.

80,000 trout fry were placed in streams in this vicinity on Tuesday, being brought from the hatchery at Waterton Lakes Park.

Miss Inez Dunlop returned on Friday to Merritt, B.C., after spending three weeks vacation with her mother, Mrs. C. F. Dunlop.

Miss Adele Whiteside, with her mother, recently went to Victoria, B.C., to commence studies at St. Margaret's college.

Snap shot Christmas cards have a special appeal. Samples may be seen at The Journal office. Telephone 209 and sample book will be sent.

T. M. Parry, who has been spending the summer here in the employ of the Coleman Garage Ltd., left on Monday evening for the University of Alberta at Edmonton where he will enter his fifth and final year in electrical engineering.

Mr. and Mrs. Alex. M. Morrison returned on Friday from a very enjoyable auto tour to the Pacific coast. They were accompanied by their daughter Ruth, who remained at Victoria, where she has taken up studies at St. Margaret's college.

With the winter time said on the Canadian Pacific Railway on Sept. 30, the only change in time at Coleman will be that of westbound No. 67 from 8:33 a.m. to 8:29 a.m. Connections with all main line trains will be made as heretofore by trains on this division.

Andrew Millar, general manager of Saunders Ridge Collieries, Mercoal, for the past three years, has been appointed chief mines inspector of the province. Mr. Millar has had a wide experience in all phases of coal mining and is well qualified for the appointment.

Contractor D'Appolonia has commenced the contract for laying the new 8-inch pipe line from Sixth street to the Coleman Light & Water Co. dam on Nez Perce creek. Fifty men are employed in digging the ditch, and the rock is being blasted out 1200 feet of ditch seven feet deep had been dug up till Tuesday evening.

Bill Jenkins the genial night clerk at the Grand Union hotel, whose ruddy and smiling countenance is always a joy to behold, has been missed lately. It is only for a brief period, however, as enquiry reveals that he is on vacation. Being such a congenial soul, one wouldn't be the least surprised if he brought a bride back, for it is a wonder that such a good looking and good natured fellow as Bill undoubtedly is has escaped the wiles of the fair sex for so long.

ST. ALBAN'S CHURCH

Service at St. Alban's Sunday, Sept. 30, at 11:15 a.m. A layman from Calgary will address the congregation.

The Junior W.A. will meet on Friday at 4 p.m. Choir practice at 7 p.m.

The Women's Auxiliary will hold a card social on Monday, Oct. 1, at 8 p.m. The members thank those who assisted with donations to the pantry sale and tea last Saturday.

LINDOE WON MEN'S SINGLES
In the McGillivray cup competition, the final was played recently between Barnes and Lindoe, the latter winning.

MARCELLING—By Miss Florence Cox, graduate of Jean Carroll School of Beauty Culture, Calgary. For appointments call Grand Union Hotel.

TECHNICAL SCHOOL - REPRESENTATIVE COMING

Andrew W. Baxter, of the Institute of Technology and Art, Calgary, advises The Journal that he will be in this district on October 15th in the interests of the school. Those interested should make it a point to interview him.

TAKING A VACATION

Ike Thomas, who is spending a week or two in the state of Washington, writing from Spokane, states there was a record attendance at the Fair there, the horse racing being good, with thrills galore. He had visited the terra colts works, where all the employees are members of the Moose order. He also states that as the International is closed down for a month, he will engage in plum and apple picking to defray expenses.

Mr. Jas. Scott returned last Saturday from a holiday at Hamilton and Windsor, Ont. Mrs. Scott is remaining there for the present. Mr. Scott was quite impressed with the general activity and progress in that part of Ontario, which has made wonderful strides in the past few years.

Mr. and Mrs. Whiteside are on a holiday trip by auto through the western states.

Business Locals

A special consignment of heaters and ranges at attractive prices is advertised by Coleman Hardware Co. Particular attention is called to the famous McClary furnace, the most economical heat producer yet devised. Consult us now in order to get the price benefits now being offered at our store—W Duell, Manager Coleman Hardware Co. (adv. 51)

Attention is called to the special announcement of Tip Top Clothing whereby you can purchase made to measure suits or overcoats for \$27. Without question this is the best value obtainable in men's clothing and you select the material from a bigger range of samples than any other clothing house offers. A representative of the company will be at Nicholas store on Sat. Oct. 13. Men—be sure to see him! Satisfaction guaranteed in every detail. (adv. 1)

CLASSIFIED ADVTs.
